

**BOARD MINUTES  
OCTOBER 18, 2021**

The Keokuk County Board of Supervisors met in regular session, Monday, October 18, 2021 in the Board Room of the Courthouse. Present were: Michael C. Hadley, Fred Snakenberg, Daryl Wood and Christy Bates, County Auditor.

8:30 a.m.-Meeting was called to order. Motion was made by Deke Wood to approve the agenda. Fred Snakenberg seconded the motion. All ayes and motion carried.

8:35 a.m.- Review and approval of minutes of previous board meeting was held. Motion was made by Fred Snakenberg to approve the minutes of October 11, 2021 as submitted. Deke Wood seconded the motion. All ayes and motion carried.

8:45 a.m.- Met with Andy McGuire, Engineer regarding the Keokuk County Highway Department. Agenda procedure was discussed regarding elected officials and department heads. Board consensus was to leave the current practice in place. A bridge inspection rating report was provided by Mike VanderWert, Calhoun & Burns, regarding all Keokuk County Bridges. Andy commented the 5-year bridge program is on target, although we are at the point we will be transitioning from rehabs to full replacements. Possible snow removal options were discussed regarding Keokuk County Solid Waste and Recycling Center. Andy noted the City of Kinross has yet to remit payment for last winter's snow removal. Christy Bates will attempt communication with the city clerk.

1. Consideration and possible acceptance of quote for solar array installation at the Secondary Roads maintenance facility was held. Mike Hadley stated he looks at solar installation at an investors standpoint and feels it is a good investment for the county to move forward on. Mike did share a concern of when the panels will time out and the cost to replace. Deke is unsure of timing or where those dollars should be spent, further requesting a solar company in Burlington be contacted. Fred Snakenberg is unsure of funding and would like to gather additional information. Andy McGuire noted this would be a long term "green" investment and if solar is to be the future, capture and invest today. The savings would in turn free up local dollars for bridge replacements. Andy did inquire of maintenance costs that are to be minimal unless an inverter goes bad. Board consensus was to continue investigation of said matter.

10:00 a.m.- Review and approval of claims was held. Motion was made by Deke Wood to approve the October 18, 2021 claim listing as submitted. Fred Snakenberg seconded the motion. All ayes and motion carried.
