

KEOKUK COUNTY

Rural E911 addresses shall be made available and record thereof maintained by the County Engineer. Such addresses shall be issued upon written request which are submitted on forms approved by the Keokuk County Joint E911 Service Agency Board for that purpose, a copy of which is attached hereto, subject to the following qualifications therefore: the location to be addressed must be a site at which a building or structure or public service or utility is located, examples of which include farmstead, cemetery, railroad intersection, substation. E911 addresses specifically will not be issued to locations which consist of fields, cropland, pasture ground, timber. The request must also identify the identity and capacity of the individual making the request and the location by reference to the distance from the nearest street/avenue intersection and side of road on which it is located.
