

Public Health
Prevent. Promote. Protect.

Keokuk County Public Health
July 19, 2021

With the closure of the Test Iowa Sites on July 16th, 2021, we will be providing free, at home Covid-19 Tests. They are a saliva sample PCR test; you will collect the sample at home and send it directly to the State Hygienic Lab. To request a test, please call our office at 641-622-3575. We ask that you please remain in your car with a mask and we will bring it to you. We will answer questions you may have or direct you to the State Hygienic Lab. You MUST have access to the internet to fill out a survey and activate your kit with a code. There will be a prepackaged label to ship it directly via UPS. They will notify you of your results, not the Public Health Department. There is an option to have the State Hygienic Lab mail a test directly to you, for this service or for questions call 1-833-286-8378.

If you have any further questions, please call our office M-F 8:00am-4:30pm at 641-622-3575 and we would be happy to assist.

Thank you,

Allie Helmuth
